

Andy Attar Workshop - Taking The Next Step -

Join Andy Attar and your friends from the Madison Retriever Club for a two-day workshop. Andy will share his philosophies, methods and problem-solving skills from his many years of experience. Dog and handler teams will be pre-selected to participate in hands-on demonstrations while receiving one-on-one feedback from Andy. Observers will have a ringside seat to take notes, ask questions, and see the situations as they unfold.

The focus of the workshop is to help participants who may have already had some success at hunt tests or in the field take the next step with their dog.

If you have ever wanted to learn more about field trials or what it takes to compete in a Qualifying stake, now is your time.

Friday July 9th & Saturday July 10th - 8:00 AM to 4:00 PM

- Dog/Handler Working Teams: 7-10 club member teams will be selected. We ask that that any team wishing to participate has a dog at the Master Hunter level or similar training.
- Observers: Unlimited number of club member observers welcome.
- Cost: Free for MRC club members.
- Please bring your own lunch, beverages, chair, sunscreen, bug spray, and notebook.
- Please plan on adhering to all local Covid-19 restrictions in effect at the time of this event per <https://publichealthmdc.com/coronavirus>
